

# **THE NORTHERN SAINTS, "MEMBER WITH BENEFITS PROGRAM 2011"**

The Northern Saints Football Club is excited about the Member with Benefits Program, now in its second year. The program has been a great success for those that have actively participated in it and has provided member and sponsor alike with great savings and patronage.

The program is designed to add value to club membership, to give members added value and to make overall membership an important and worthwhile investment. Club memberships are vitally important, as the funds from these memberships assist the club in paying for fees and charges levied by sporting associations and local government. These funds also provide for much needed equipment and resources to better support our coaches and players of football, our core operation. As a member you are officially part of our journey, and whilst being a supporter is one thing, membership ensures you are a real part of it.

The Various types of memberships available are as follows:

- ❑ Player Membership (Juniors, Seniors & Veterans)
- ❑ Patron Saint Membership
- ❑ Social Membership
- ❑ Life Membership

All four levels of membership allow automatic participation in our "Member with benefits program". The program adds value at no further cost to you, its free! Just as importantly however, our SPONSORS also benefit. Only our valued SPONSORS can participate in this program, so, making it an exclusive program, which rewards our SPONSORS with further promotion and custom from our members.

So how does it work?

1. Our members must present a membership key tag. See image. 
2. The participating sponsor must be on the list provided below, or listed on our website with their offerings.

All our participating SPONSORS have been wonderfully cooperative and all have great deals exclusively available to our club members.

So, from the board of the Northern Saints Football Club, we trust that you enjoy your membership and take advantage of this **free** program designed for you and our valued SPONSORS.

For Further details please contact: Mick Caruso 0419 361 623

## Example of 2010 Program
